CARAVAN-SPECIFIC AWNING ADAPTERS

TAILORMADE SOLUTIONS FOR CARAVANS

 **DOMETIC** **OUTDOOR**

PERFECTROOF PR 2000

THE BASIC MODEL FOR ROOF MOUNTING

Being the flattest roof awning in the market, the Dometic PerfectRoof PR 2000 makes an ideal roof-mount solution for panel vans, smaller motorhomes and caravans. Its compact dimensions and light weight minimise the roof load, so there's still room for other accessories, such as solar panels. Moreover, it comes at a price that puts everything else in the shade, and it still provides all key Dometic features, e.g. the seamless, high-quality awning fabric. The operation is with a telescopic crank. The support legs are neatly stored in the lead rail and can be easily folded out by a spring lock. A wide choice of adapters helps to make the awning fit on nearly all types of vehicles.

BENEFITS OF PR 2000

- Lightweight and compact dimensions – flattest roof awning in the market
- Ideal for panel vans and small caravans
- Support legs with patented Easy Lock Flipper
- Lengths from 2.65 m up to 4.5 m, extension up to 2.5 m

OPTIMISED DESIGN

Compact and lightweight housing

PATENTED EASY LOCK

Prevents the support legs from falling down during set-up and fastens them in place to keep the awning in the set height position

TELESCOPIC CRANK

For manual operation of the very smooth running gear

With remote control

PERFECTROOF PR 2500

HIGH-QUALITY ROOF AWNING – LIGHT AND ROBUST, UP TO 6 M LONG

For vehicle lengths of 4.50 m and beyond there's no lighter and more compact roof awning around than the Dometic PerfectRoof PR 2500. Available in lengths up to 6 m, with an extension up to 2.75 m.

Its roof-mounted housing does not affect the vehicle's aerodynamics. End caps made of 100 % aluminium make the awning extra-resistant to shock and impact. Patented locks on both sides of the lead rail ensure perfect closing as well as additional safety while driving. The fast and smooth running gear is operated with a fully integrated motor (12 V) with manual override for emergency operation.

BENEFITS OF PR 2500

- Aluminium end caps, resistant to shock and impact
- Patented locks on both sides of the lead rail – for perfect closing
- Support legs with patented Easy Lock Flipper
- Lengths from 3.5 m up to 6.0 m – also with 2.75 m extension

OPTIMISED DESIGN

Compact and lightweight housing

PATENTED EASY LOCK

Prevents the support legs from falling down during set-up and fastens them in place to keep the awning in the set height position

ALUMINIUM END CAPS

Weather-proof, shock-resistant aluminium end caps – paint coated in the colour of the awning housing.

AN EXTRA ROOM IN FRONT OF THE VEHICLE

HOW YOU CREATE ADDITIONAL “LIVING SPACE”

DOMETIC CAMP ROOM

Awning tent

Quality features	• Stay warm and dry, whatever the weather with this additional water- and windproof roofed tented area. • Quick and easy: Can be set up by one person in under 20 minutes. • Zip-up closures transform your awning into a tent. • Scratch-proof seal to keep the rain out • Attaching the standard supplied skirts creates an additional sleeping space • All windows come with mosquito screens, roll-up PVC windows and curtains

CampRoom sides PR – Large	9103103939	CampRoom front – 6 m	9103103932	
CampRoom sides PR – Ducato	9103103940			

All windows come standard with mosquito screens, roll-up PVC window (outside) and curtains (inside).

The roll-up door is always fitted on the right hand side. Two doors (left and right) are standard for lengths > 4.50 m.

An additional triangle is included with the Ducato version for even better protection.

You can cover the lower side of the vehicle with a standard supplied skirt (keder rail is not included in the set).

The lock of the clamping profile must be turned only a quarter of a turn.

The mast profiles are fitted with rubber seals to prevent scratching and to make the area entirely waterproof. The height can easily be adjusted.

The side panel is secured to the support legs with Velcro straps and then connected with the front panel.

The cross brace adds stability to the tent.

ADDITIONAL PRIVACY AND WEATHER PROTECTION

RAINPROTECT

RainProtect is made from a grey, water- and wind-proof PVC material. The front and the side panels are available in different sizes. The front panel is non-transparent, the side panels (also suitable for use left or right) have a panoramic window. They extend down to the ground to provide optimal protection against moisture.

DOMETIC RAINPROTECT FRONT

Made from long-lasting opaque fabric, this windproof and waterproof PVC panel provides extra protection against the elements.

	Quality features		
	• Designed to fit all Dometic awnings with support legs • Windproof and waterproof construction • For awning extensions of 2.50 m with widths from 2.6 to 6.0 m		
	For awning width (m)	Extension (m)	Ref. No.

	X-LARGE	2.50	2.90 – 3.20	9103103970

SUNPROTECT

SunProtect is a transparent screen fabric that lets the light through and keeps the heat out. It is available as a front panel or side panel. The front panel has an extension of 1.40 metres and can be supplied for various awning widths. The side panel can be fitted either to the right or left of the awning. There's a matching SunProtect for all Dometic awnings.

DOMETIC SUNPROTECT FRONT

Let the light in but keep the heat out with this breathable and translucent awning attachment. Available in a variety of sizes.

	Quality features		• A transparent sun screen to keep you cool and protect you from the sun • Comes in a large range of widths, ranging from 2.60 m to 6 m, to suit most models • Consists of a permeable screen fabric that admits light but blocks heat
	For awning width (m)	Extension (m)	Ref. No.
